

## Intuitive Bodywork Financial Agreement

The undersigned understands and agrees to the following:

Most private and/or employer-funded insurance plans include an annual deductible. **A deductible is the amount a patient must pay out-of-pocket before the private insurance company will make payments toward claims.** A deductible can vary from \$0-\$5000 or more.

**\*\*\*It is the patient's responsibility to both understand the deductible amount and pay any portion of a claim not paid by the insurance company.\*\*\***

Most private and/or employer-funded insurance plans also include a co-pay or co-insurance amount. **A co-pay is a set amount that the patient must pay at each visit.** If your plan includes a co-pay it will generally be listed on your insurance card. The co-pay that applies to our service will be listed as office visit or O/V. If there is no co-pay listed it is likely that your plan has a co-insurance amount. **Co-insurance is a percentage of the allowed amount (the agreed rate your insurance company pays your provider) that the patient is responsible for.**

**Deductible, co-pay and co-insurance amounts will be calculated after we complete the billing of your insurance company. We bill all dates of service on the 1st and 15th of each month, however please note that insurance companies may take 14-60 days to pay on any given claim. Once we receive payment on your behalf we will email you an invoice for the balance due, this will be listed on the invoice as "patient responsibility".**

**\*\*\*Invoices are due upon receipt and may be paid via our website through a secure credit card payment system, or by check if you prefer.\*\*\***

All insurance-billed massage requires that the patient have a valid prescription for massage therapy on file that covers all dates of service. The specifics of what should be on this prescription are listed in the FAQ on our website: [www.intuitive-bodywork.com](http://www.intuitive-bodywork.com).

**Amounts invoiced to you, as well as maintaining a current and valid prescription and having knowledge of the terms of your insurance plan (such as how many massage therapy treatments are covered) are the patient's responsibility. If your insurance company does not pay for any reason you will be invoiced for that date of service.**

I understand and agree to these terms
